

*To Sherrie Raz*

*YOU MADE A DIFFERENCE!*

*Your efforts are deeply appreciated.*

*Crisis intervention services provided to Local 32BJ were top notch. People who were somber and vacant on Monday were more vibrant and smiling on Friday. Elevator traffic was the simplest indicator of the change in the people we served and further verified that you did a phenomenal job. I feel very good about the difference made by Green Cross traumatologists and proud that our group made such a visible difference. The truest outcome measure of what we accomplished this past week was in the estimated 1, 000 pair of eyes of the people we served. We accomplished our initial mission thanks to you.*

*- Kathy Regan Figley, Pres GCP*
